

What Is Wisconsin Florist Foundation?

(WFF) while independent of WUMFA is an important partner in education. It provides individuals and organizations with a tax deductible way to contribute to the future of the industry we've all grown to love. The board consists of current and retired members of the floral industry and annually awards grants and scholarships based on the funds collected and earned through its trust.

WUMFA and its members directly benefit by enjoying lower fees for classes based on WFF support. WFF also awards scholarships to individuals and contributes to educational programs at the annual convention. With other sponsorships to education dwindling in the industry this is an immeasurably valuable resource for WUMFA to continue its mission.

Please consider a contribution.
